

Our burger patties and wingz are made in a facility that handles nuts, fish and crustaceans. Separation, cleaning and swab tests are required before production begins. Allergens are present in our kitchen and whilst we make every effort to avoid cross contamination we are unable to guarantee the presence of these allergens in other menu items. At Biff's x BrewDog Dalston we offer no-gluten-ingredient options on many of our burgers, wingz, and fries, with non-gluten food being fried separately to gluten-containing items. For more information please speak to the Manager or get in touch with us at info@biffskitchen.com
